Chicago.

Underwriters in Trouble—The Fast Train—The Episcopal Convention.

CHICAGO, Sept. 15.—During the past month charges have been made against several insurance firms in this city of cutting the rates, and a Committee from the International Board of Lake Underwriters arrived here yesterday to investigate the matter. The committee held a conference yesterday afternoon at the Grand Pacific Hotel, and listened to charges which were presented. It appears that the firm of Adams & Beck with the exception of the association rates, and it is claimed that a clear case has been made against them. The committee will remain in session several days longer, and will then submit their report before the Executive Committee of the National Board for action.

General McArthur Lees issued about ninety invitations to the leading business men of Chicago to attend the inaugural trip of the last mail train between the East and the West. The excursion train will leave Chicago via Lake Shore and Michigan Southern Railroad Wednesday night, at 12:20 o'clock, going to Cleveland, where they will join the party from New York and will return, leaving Cleveland at 7:30 P. M., reaching Chicago Friday morning, September 17, at 6:30. The Lake Shore and Michigan Southern Railroad have provided two elegant sleeping coaches for the trip.

At a private caucus held last night, the fact was developed that Dr. DeKoven is still the favorite with the majority of the Episcopal convention, notwithstanding his express desire to withdraw from the contest. Dr. McLaren, who seems next in favor, is regarded as a new man, and will probably, in default of Dr. DeKoven's election, give way to some other candidate.

CHICKEN. GERMANTOWN, Pa., Sept. 15.—The attendance at the cricket match yesterday was better than the day before. The score stood 44 for the Canadians with Greenfield, who had made a good stand for 14, and Eburts, who had scored a single at the bat. The Canadians' first inning amounted to a total of 60.

In the evening there was an entertainment, including a grand military parade and banquet at Collingwood Boat-house, where the team was formally welcomed.

BASE-BALL. CHICAGO, Sept. 15.—The game yesterday afternoon between the Harbors and Chicago was close, but not particularly interesting. The contest drew out a fair attendance. The only brilliant features were two double plays between Peters, Hines and Glenn. The Harbors made but three safe hits from Devlin's pitching, and the Whites struck out for the contest only six came to time for the start. Those being Thomas Jefferson, Commonwealth, Ned Wallace, Parkis Abdullah, Wm. Hallin and De-fiance. Commonwealth took the first heat 2:27, and the next three heats were won by Jefferson in 2:26, 2:25 1/2 and 2:25. Jefferson has the record of 2:23 1/2. STALLION RACE. BOSTON, Sept. 15.—The second annual stallion race for a purse of \$10,000 and the Championship of the United States and Canada, came off in Mystic Park yesterday afternoon, and was much too one-sided to prove very exciting to six or seven thousand spectators, who were in attendance. Of fourteen stallions advertised as being entered for the contest only six came to time for the start. Those being Thomas Jefferson, Commonwealth, Ned Wallace, Parkis Abdullah, Wm. Hallin and De-fiance. Commonwealth took the first heat 2:27, and the next three heats were won by Jefferson in 2:26, 2:25 1/2 and 2:25. Jefferson has the record of 2:23 1/2. AN ENGLISHMAN SEES IT.

LONDON, Sept. 15.—A letter to the Times, dated Catarro, Dalmatia, Sept. 8th, says: "The importance of the insurrection in Lower Herzegovina diminishes on near approach, while in Bosnia there is nothing worth mentioning except a panic and disorder, with an exodus of women and children. In that part of Herzegovina lying west of a line drawn from Nikshik to Ustiar, the insurgents appear only as bands without coherence, discipline or purpose. They are even without communication with the eastern portion of the province. The Herzegovinian parts of these bands are more inclined to pillaging and petty thieving than fighting. Even the foreign volunteers, who make the fighting nucleus, suffer from the predaaceous propensities. They number in all apparently between one and two thousand, but the majority are generally absent during the fighting, and only reappear when there is some booty to be taken. Of the bands nominally under Jubratovic, not above three hundred men mean fighting." sep-15-24
